

# PRODUCT INFORMATION

## ROUNDHOLE TRACK WITH NOTCH 1806

### STEEL 3034mm 2,3mm FH

### SAP 10011173

The 1806 Track is a medium duty track with round holes with an extra notch. This general purpose track is suitable to use in combination with 25mm straps with the common pointed hooks (instead of more specific endfittings) as well as Shoring Poles and Garment Rails.

#### Application

- Used in combination with many types of load restraint equipment
- Suitable for medium weight cargo

#### Mounting

- Mounted with either screws or rivets, track has already been equipped with fixing holes

#### Benefits

- Extra notch for load securing with 25mm straps
- Medium duty track
- Suitable for multiple applications
- Compatible with many LoadLok products
- European quality
